ENCOURAGING 3RD MILLENNIUM LEADERSHIP

- With increasing uncertainty across the world, people naturally look to leaders
- In the West, particularly, there is little confidence in leaders and their style of leadership

- What are the principles that can inspire visionary leadership?
- How can a leader be really effective?
- How can a leader encourage, inspire and motivate their people to great results and lasting success?

- Principles of *3rd Millennium Leadership*
- Developed and used in the UK
- Can be applied in any setting to demonstrate “a more excellent way”

**Those who are victorious plan
effectively and change
decisively. They are like a
great river that maintains its
course, but adjusts its flow.**

Sun Tzu

Too sick to care?

LEADERSHIP IS THE KEY

“Better to light a candle than
to curse the darkness”

“A rising tide lifts all boats”

I slept, and I dreamt that life was all joy
I woke, and saw that life was but service
I served, and understood
that service was joy
